

Outdoor Learning with WOLT

We're proud to work in partnership with **The Wiltshire Outdoor Learning Team (WOLT)** – a not-for-profit organisation dedicated to inspiring young people through outdoor adventure and education. Their mission is to **engage, enthuse and educate** through hands-on experiences that build confidence, resilience and essential life skills. Through their collaboration with **SAIL**, WOLT offers an exciting and diverse programme of activities that challenge students to step outside their comfort zones, explore new environments, and develop practical skills for independent living. From climbing and kayaking to bushcraft and team building, every session is designed to be memorable and meaningful.

Our pupils work towards the **WOLT Passport**, which recognises their achievements and prepares them for the **Bronze and Silver Duke of Edinburgh Awards**. This programme directly supports our **Learning for Life Curriculum**, particularly the 'Generalisation and Enrichment' strand, by giving students the chance to apply their knowledge in real-world settings.

And it's not just for school time! WOLT also runs **family-friendly adventure activities** during weekends and school holidays – perfect for making memories together and trying something new. We encourage all families to explore what WOLT has to offer. Visit their website at www.wolt.org.uk or follow them on Facebook at **#TeamWOLT** to stay up to date with upcoming events and opportunities.
