

English

Reading, writing and organising non-chronological reports based on the making of chocolate and the Mayans. Individual phonics and reading targets – guided reading on non fiction texts and poetry
Poetry week of creativity coming... see parent comms for more info

Mathematics

In maths, we work on individual targets for number.
The new enhanced provision (a carousel of activities) trial in Seahorse and Turtles will see the pupils combining their time, shape, measurement and data handling skills through DT, Cooking and computing.

Science

When we are in the New Forest – 'the Rec sessions' we will be observing and investigating Habitats and Life Cycles.
Back in school, we will be learning about classification of living things

Music

In our ALL NEW MUSIC LESSONS we are learning about beat and pulse using tuned and untuned percussion instruments

Art – even more shape work....we are building sculptures.

Humanities

The Mayan Civilisation is an interesting study – especially as they loved chocolate and time...funny how our learning is all linking together!

PSHE – RSE (relationship, sex education)

Year 3/4 pupils are learning about body changes together
Year 5/6 are learning a little more...see letter sent by email.

Computing – digital images – see Dojo for posts

P.E. – athletics

Also Starfish are swimming every Thursday

Learning outside – see Class Dojo for Rec/Trip days

DT and cooking

We are designing, making and evaluating every stage of creating a box of chocolates to give as a gift.

Class thrive sessions – these support our personal development whilst learning to follow rules and work together as a group.
